

FOR IMMEDIATE RELEASE

WILD SHINERS to CELEBRATE SHINERWEEN

The Loyal Order of Wild Shiners is sponsoring SHINERWEEN on Friday evening, October 24, 2008. The event will be held at Webber International University gymnasium from 8:00 p.m. to midnight. SHINERWEEN will be an alien-themed party with black lights illuminating the “Center of the Universe”. Two bands will entertain the throng of aliens with classic rock music. *Jr. & the MD’s* and *Station 6* will perform non-stop music, which may even include the alien classic “One-Eyed, One-Horned, Flying Purple-Eater”. But then again, it may not.

The Wild Shiners, a secretive Lake Wales Mardi Gras krewe, believe their clan originated in the Center of the Universe. To date, no one has been able to disprove the claim. For two decades the Shiners, who emphatically deny any relationship to the Shriners (other than that their name is wholly contained within the word Shriners), have been throwing the wildly popular Wild Shiner Ball during the annual Mardi Gras celebration in Lake Wales. The group’s connection to the wild shiner bait fish is clouded in myth. The Shiners decided to add SHINERWEEN to their annual calendar so that their dedicated revelers wouldn’t have to wait a whole year to roll around for the next Wild Shiner Ball.

SHINERWEEN is open to the alien public, and is highly recommended if you are looking for an alienating experience. Tickets will only be available at the door, for \$15 per alien, or \$40 per alien couple. (The couples penalty is a Shiner tradition. Very few couples seem to go through the ticket line.) The event is a “bring your own cooler” affair. Aliens who arrive in the Starship Enterprise or other appropriate spacecraft or UFO will receive special commendation.
